International Journal of Computing, Intelligent and Communication Technology (IJCICT) having ISSN 2319 – 748X, being published quarterly (March, June, September & December) by Consilio Intelligence Research Lab, Noida. The journal is being published since 2012. It aims to publish original, theoretical and practical advances in Computing, Intelligence Technologies, Communication Technologies, Computer Science, Information Technology and all interdisciplinary streams of Engineering Sciences. It intends to disseminate original, scientific, theoretical or applied research in the field of Computing, Intelligence Technology and Communication Technology and allied fields. It provides a platform for publishing results and research with a strong empirical component. It aims to bridge the significant gap between research and practice by promoting the publication of original, novel, industry-relevant research. IJCICT follows a single-blind peer review system and carry out two rounds of review process.

Sharing research, accomplishments and ambitions with a wider audience makes you more visible in your field. This helps you get cited more, enabling you to cultivate a stronger reputation, promote your research and move forward in your career. Sharing your article is an important part of research and it's important to share responsibly.

Responsible sharing in line with copyright enables publishers to sustain high quality journals and the services they provide to the research community. We supports responsible sharing and responsible sharing platforms and we adhere to the voluntary sharing principles of the STM Association.
